Investment Properties Corporation Agent Rob Carroll Earns MAI Designation

NAPLES, FL. (7/2/2015) – Following completion of all the necessary requirements, Robert E. Carroll of Investment Properties Corporation (IPC) was awarded an MAI designation from the Appraisal Institute. MAI stands for Member Appraisal Institute and represents the most prestigious commercial appraisal designation. Rob worked as a commercial appraiser with Carroll & Carroll, Inc. for 8 years prior to moving to IPC, and the achievement of this designation is the culmination of that time and experience.

“While Rob is not appraising property, his appraisal skills coupled with his local market knowledge, will greatly benefit IPC’s clients. Rob brings significant depth to our team,” said Craig Timmins, an IPC Principal.

Rob has been a leasing agent with IPC since 2014, and professionally assists clients with all aspects of commercial leasing, including landlord and tenant representation, marketing properties for lease, canvassing and conducting market research.

IPC is one of the area’s oldest commercial real estate brokerage firms. The firm is owned and operated by Principals Bill Gonnering, CCIM, SIOR; David J. Stevens, CCIM; Craig D. Timmins, CCIM and Clint L. Sherwood, CCIM. Since 1976, the IPC team has serviced Southwest Florida with buyer and seller representation, site selection, leasing, exchanges, consulting and development services.
